

EPIC System

Ecological Polyurethane Innovative Coating System

ep·ic ('e-pik), adj., 1. extending beyond the usual or ordinary. 2. heroic. 3. a work of art.

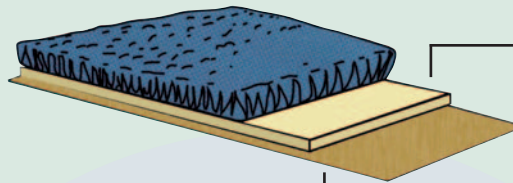

what is the EPIC System?

It is an ecological and environmentally friendly polyurethane attached cushion for carpet that combines the components ReCover™ and SoftGlass™.

why use the EPIC System?

Because it contains **over 25% of post consumer materials.**

That's good for the environment, good for the carpet and great for your feet!

RECOVER™

DESCRIPTION

100% Non-woven Polyester
